2003 MICHIGAN POVERTY PROFILE

Introduction

The Family Independence Agency's **2003 MICHIGAN POVERTY PROFILE** details the percent and number of people at selected income levels above and below poverty. It is based on U.S. Census Bureau data for 2003 released in August 2004, and additional estimates developed by Budget and Policy Analysis Division staff. The Census Bureau published 2003 poverty rates for income groups at 100%, 125%, 135%, 150%, 185% and 200% of poverty. Additional poverty estimates for income groups at 50%, 75%, 110% and 175% of poverty were developed by FIA. Census Bureau and FIA developed poverty rates are applied to Michigan's 2003 population (by single-years-of-age) to arrive at the values listed in the profile.

The following examples demonstrate how to use the tables:

Example 1: To determine the total number of people with incomes at or below 100 percent of poverty refer to the age box at the top or bottom of page 10. The percent of poverty column appears on the left of each page. Where the 100 percent row intersects with the "0-85 +" column is the number 1,149,118, the estimated number of people with incomes at or below 100 percent of poverty. By dividing the population at 100 percent of the poverty level (1,149,118) by the total population (10,079,985) the poverty rate is determined. In this example the poverty rate is found to be 11.4 percent – the Census Bureau's published figure for Michigan in 2003.

Example 2: The profile can be used to determine poverty rate estimates for "age groupings" at any of the income levels shown. For example on page 3 the total number of children 0–17 years-of-age is shown for each income level. By dividing the age 0–17 number at 100 percent of poverty by the 0–17 population, the poverty rate is determined. The number of children 0–17 with incomes at or below 100 percent of the poverty level is 370,682. By dividing that number by the cumulative population of children age 0–17 (2,538,920) the poverty rate is calculated to be 14.6 percent, the official Michigan rate developed by the Census Bureau.

The 2003 **Michigan Poverty Profile** is available on the MFIA-Net and the MFIA Public website in PDF format. An Excel version of the profile is also available on request.

Note: Income and family size delineate U.S. Poverty Thresholds. 2003 Poverty Thresholds by family size are: (1) \$9,393; (2) \$12,015; (3) \$14,680; (4) \$18,810; (5) \$22,245; (6) \$25,122; (7) 28,544; (8) \$31,589. Available on request are FIA projections of Poverty Thresholds for 2004, 2005 and 2006.

2003 MICHIGAN POVERTY PROFILE: Statewide Summary **ESTIMATED NUMBER AND PERCENT OF PEOPLE AT OR BELOW VARIOUS INCOME POVERTY LEVELS (ALL AGES)**

All Ages: < 1-Year Through 85 Years (And Over)

PERCENT OF POVERTY (POVERTY RANGE)	Number of Total Population at or Below Each Income Level	Proportion of Total Population at or Below Each Income Level	<u>Data Source:</u> Proportion or Percent of the Total Population at or below each income level.
0% - 50%	487,188	4.8%	FIA
0% - 75%	778,880	7.7%	FIA
0% - 100%	1,149,118	11.4%	Census Bureau
0% - 110%	1,312,072	13.0%	FIA
0% - 125%	1,528,522	15.2%	Census Bureau
0% - 135%	1,703,517	16.9%	Census Bureau
0% - 150%	1,945,437	19.3%	Census Bureau
0% - 175%	2,446,014	24.3%	FIA
0% - 185%	2,580,476	25.6%	Census Bureau
0% - 200%	2,913,116	28.9%	Census Bureau
AGE	0 - 85+ YOA	0 - 85+ YOA	N/A
CUMULATIVE STATEWIDE POPULATION (2003)	10,079,985	N/A	N/A
The above data are a summary of Michigan's population at selected incomes above and below the poverty level. Data on subsequent pages provide additional detail regarding the number of people at each income level by each single-year-of-age.
